

Access Statement For The Old Vicarage, Lee

Introduction

The Old Vicarage, Lee enjoys an elevated position above the church in the small village of Lee and was built in approx. 1890, which means that the structure of the building does present some physical barriers to accessibility. We understand that every customer has different needs and we aim to make our facilities available and accessible equally within the confines of our building. In instances where this is not possible, we will endeavor to suggest a suitable alternative.

The house have been tastefully refurbished to reflect the period of the building and is set in approx. an acre of garden which includes leveled lawn area surrounded by stone wall flower beds and sloping terraces.

- There is a house keeper who lives in the village and normally available to assist guests when necessary.
- All mobile phone networks provide limited service in the area.
- Broadband WiFi internet access is available for guests.
- The house is oil centrally heated with large hot water tanks. Guests have control the timing of these.
- Feather pillows and duvets with egyptian cotton covers and sheets are used.
- All beds have mattress covers and pillow protectors.
- Toilets are located in the bath, shower rooms & downstairs cloakroom. No showers are wheelchair accessible.
